Dear Community Business Owner,

We are inviting community organizations like yours to support the mission to reduce isolation, loneliness and depression among elder adults and people of all ages with limitations who reside in the Adirondack Coast region through an outdoor experience called Cycling Without Age (CWA).

It is a simple act of kindness of bringing someone who is unable to cycle on their own for a bike ride on an electric assisted, three-wheeled cycle called a trishaw.

CWA is a non-profit, 100% volunteer organization founded in Copenhagen, Denmark in 2012 and is now represented worldwide. Your sponsorship will allow operation of our local, 501(C)3 non-profit chapter, Cycling Without Age Adirondack Coast (CWA ADK Coast).

Return of Investment

The impact of Cycling Without Age is profound both physically and psychologically.

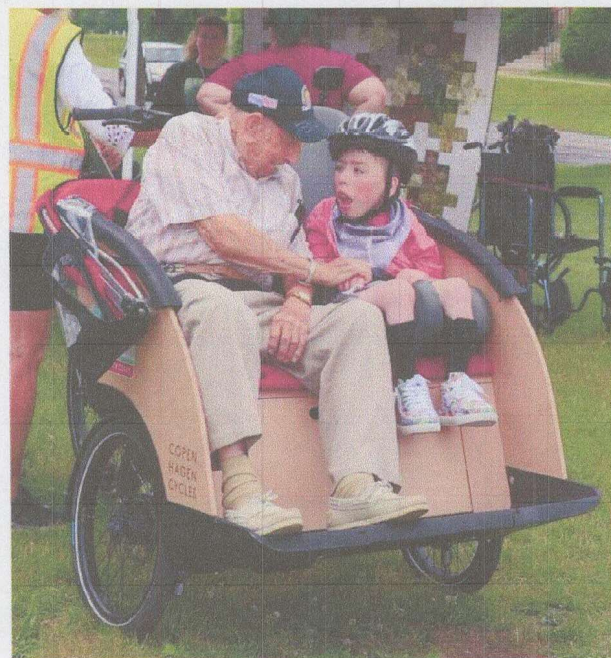

Passengers move outside, breathe fresh air, see new sights, and hear new sounds.

Volunteer pilots enjoy the physical benefits of cycling, slowing down from their hectic lives, and ALL volunteers feel the reward of making an impact.

Local communities experience an enhanced sense of volunteerism, healthful opportunities, and intergenerational relationships.

You as a Sponsor would help us promote social interaction, form bonds of connection, build bridges between generations and reinforce respect in our society.

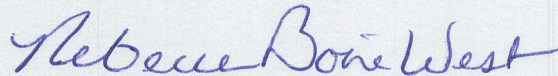

Your corporate generosity would include recognition based on donation level (please see enclosed recognition level chart)

If you would like more information, I welcome the opportunity to discuss the initiative with you and answer any questions you may have. You may also visit www.cyclingwithoutageADKcoast.com for more information.

Thank you for your consideration to sponsor CWA-ADK Coast.

Sincerely,

Rebecca Boire-West, President
